

# Stay financially independent

**Payment protection insurance from AXA ensures that you can maintain your standard of living in tough times as well.** If you lose your job or become unfit for work through no fault of your own, we will cover your outgoings for rent, supplementary health insurance, leasing and more.

## Financial relief

Take care of difficult situations in life: If you can no longer work due to illness or accident or lose your job through no fault of your own, you could soon face financial difficulties. This is where payment protection insurance takes over and covers ongoing obligations.

## Flexible modules

Payment protection insurance comprises four modules that can be taken out individually or combined as required.

### Leasing & car subscription

Insure the monthly leasing installment for your motor vehicle or the cost of a car subscription.

### Rent & mortgage

Insure half the monthly rent including ancillary costs or mortgage installment including amortization.

### Health insurance

Insure the monthly premium of your supplementary insurance or the supplementary insurance of your whole family.

### Other expenses

Insure a monthly flat-rate amount for various recurring expenses, such as cell phone subscription, fitness studio, magazines and streaming services.

## Benefits

Payment protection insurance takes over in cases of involuntary unemployment and full incapacity for work as a result of an illness or accident. After a waiting period, AXA covers the ongoing monthly costs of recurring payments of the insured modules for up to one year.

## Requirements

You can take out payment protection insurance if you work more than 25 hours per week (around 60% workload) and are employed in a permanent position. You will find a detailed description of who is insured in our General Insurance Conditions (GIC).
