Who is the insurance carrier?
The insurance carrier is AXA Insurance Ltd, General Guisan-Strasse 40, 8401 Winterthur (hereinafter referred to as “AXA”), a stock corporation with registered office in Winterthur and a subsidiary of the AXA Group.

What types of insurance can be purchased?

**BASIC:** Compared with the other products, this is the most inexpensive basic insurance that offers you all the essential forms of coverage.

**COMPACT:** Insurance with extended basic coverage and a number of optional add-on modules.

**OPTIMA:** Comprehensive insurance that provides all the coverage you require.

Your policy and application define the type of product you have purchased and which of the following coverage options you have selected.

What is insured?
The insured vehicles and persons are shown in the application and the policy. Pursuant to the Insurance Contract Act, the

- liability, accidental damage, and mobility insurance, and the medical expenses included in the accident insurance, are forms of property and casualty insurance.
- The daily hospital benefits, daily benefits, and disability and death lump sums included in the accident insurance are forms of fixed-sum insurance.

What risks and losses can be insured?

**Liability insurance**
This insurance covers claims for damages resulting from (GIC B1):

- Injury to or the death of persons;
- Destruction of or damage to property. Injuries to or deaths of animals are treated as property damage.

**Accidental damage insurance**
Accidental damage insurance with/without collision
The application and policy indicate whether accidental damage with or without collision was purchased. Accidental damage with collision includes collision coverage, in addition to the events included in accidental damage coverage without collision. The insurance covers damage to the insured vehicle caused directly by the events listed in the application and the policy (GIC C1):

- Collision
- Theft
- Natural hazards
- Glass breakage/Glass breakage Plus
- Fire
- Snowslide
- Animal damage
- Damage caused by martens
- Malicious damage

- Transferred belongings/Transferred belongings Plus
- Parking damage/Parking damage Plus
- Loss of use
- Transport after a breakdown (only for utility vehicles)

The extension “Plus” indicates more comprehensive coverage in relation to the relevant events.

If “free choice of garage” is specified in the policy, the policyholder can have the vehicle repaired at the garage of their choice. Otherwise, AXA determines the garage where the repair is carried out.

**Mobility insurance**
The insurance covers the loss of use of the vehicle due to breakdown, collision, or another event involving accidental damage (GIC D1).

- Mobility ("Switzerland")
- Mobility Plus ("Europe")

**Accident insurance**
The insurance covers accidents connected to the use of the insured vehicle as well as when rendering aid to other road users (GIC E1).

**Bonus protection and gross negligence**
In the event of a claim that would lead to a downgrade, the premium level remains unchanged for the following insurance year (January 1 to December 31). The benefits are not reduced in the event of traffic accidents or collisions caused through gross negligence, unless the driver caused the insured event while intoxicated or in an otherwise unfit condition or by grossly disregarding the speed limit (GIC A8.2).

**What does the insurance not cover?**

**General**
Among other things, the insurance does not cover (GIC A12.6)

- Cases where the driver caused the insured event while intoxicated (alcohol level above the limit permitted by law) or driving in an otherwise unfit condition or through a particularly gross disregard of the speed limit.

**Liability insurance**
Among other things, the insurance does not cover (GIC B5)

- Claims arising from property damage caused by the keeper, the keeper’s spouse or registered partner, the keeper’s relatives in ascending and descending line, or the keeper’s siblings living in the same household as the keeper;
- Claims arising from accidents that occur at motor sport or cycling events;
- Liability if the driver of the vehicle is not in possession of the driver’s license required by law;
- Liability arising from trips taken without official authorization.

**Accidental damage insurance**
Among other things, the insurance does not cover (GIC C4)

- Damage resulting from the operation of the vehicle, e.g. missing or frozen liquids, wear and tear, defective materials;
- Loss/damage arising from participating in races, rallies, and driving on race tracks or training tracks (with the exception of training courses in Switzerland that are recognized by AXA);
- Damage during trips taken without official authorization.
Among other things, the insurance does not cover (GIC E4):
- Drivers who do not hold the driver’s license required by law.

What benefits does AXA provide?

Accidental damage insurance
 AXA provides the following benefits if an insured event occurs:
- Assumption of repair costs (GIC C3.2) or
- Payment of compensation in the event of a total loss (GIC C3.3).
  The application and policy state whether the benefits are calculated using a fixed scale based on the vehicle’s time in operation plus a present value supplement (GIC C3.3.2.1) or are limited to the vehicle’s present value (GIC C3.3.2.2).

The following costs are also assumed (GIC C3.1):
- Salvage of the vehicle and its transport to the nearest suitable repair garage;
- Return transport from abroad if necessary, up to CHF 1,000;
- Customs clearance;
- The cost of cleaning the vehicle’s interior after administering first aid to accident victims, up to CHF 500.

Mobility insurance
 AXA provides the following benefits if an insured event occurs (GIC D3):
- Providing advice and making arrangements;
- Breakdown assistance and towing service;
- Vehicle recovery;
- Storage fees;
- Return of vehicle;
- Delivery charge for replacement parts;
- Additional costs for transportation, accommodation, and meals.

Accident insurance
The insured benefits are specified in the application and the policy (GIC E2):

Where is the insurance valid?
The insurance is valid for Europe and countries bordering the Mediterranean, but it does not include the Russian Federation, Belarus, Georgia, Armenia, Azerbaijan, or Kazakhstan (GIC A2). Mobility insurance is valid only in Switzerland or in the whole scope of validity (“Europe”), depending on the agreement.

How much is the premium and when is it due?
The premium is calculated based on various criteria (e.g. vehicle, driver), the scope of the selected insurance coverage and deductibles, and the level in the no-claims discount system (GIC A8). The premiums and their due dates as well as the no-claims table, premium level, and statutory fees and expenses are specified in the application, the policy, and the premium statement.

What are the policyholder’s main obligations?
The policyholder’s main obligations are as follows:
- Immediate notification of any claim to AXA (GIC A12): Telephone: 0800 809 809
- Not acknowledging any claims (GIC A12.2.2)
- Notifying AXA immediately if any of the information contained in the policy changes (GIC A11).

When does the notice of claim need to be filed?
The eligible claimant must immediately notify AXA (GIC A12.1) and must not acknowledge any claims (GIC A12.2.2).

When does coverage begin and end?
Coverage begins on the date specified in the policy. AXA may reject the application up until the date on which it issues the policy or a definitive cover note. The insurance is valid for the period specified in the policy. Following submission of an application, AXA grants provisional coverage until the date on which the policy is issued (GIC A3.2).

Unless the insurance contract is terminated on expiry, it is automatically renewed for one year at a time. If the insurance contract is concluded for less than one year, it expires on the date specified in the policy.

The contract can also be terminated early by giving notice, for reasons that include the following:
- After every claim for which AXA pays benefits (GIC A4.2);
- If the premium is increased or the no-claims discount system or the rules governing deductibles are changed, the policyholder may terminate the policy at the end of the insurance year (December 31) if they do not agree with the new terms (GIC A10.2).

What loss or damage is insured in terms of time?
- Liability, accidental damage, mobility, and accident insurance: The insurance covers events that occur during the contract term.

How to exercise the right of withdrawal
The policyholder may withdraw from the contract with AXA within 14 days of acceptance. This deadline will be met if AXA receives notice of withdrawal in writing or in another form of text (email, for example) by no later than the last day of the withdrawal period.

As a consequence of withdrawal, benefits already received must be paid back.

Special information for the Principality of Liechtenstein
The applicant is bound by the application to conclude an insurance contract for a period of two weeks after submitting or sending it. This period is extended to four weeks if a medical examination is required.

If AXA is in breach of the duty to provide information pursuant to the Liechtenstein Insurance Contract Act or the Liechtenstein Insurance Supervision Act, the policyholder has the right to withdraw during a four-week period from receipt of the policy.

The responsible supervisory authority is the Swiss Financial Market Supervisory Authority FINMA, 3000 Bern.

What definitions apply?
The key terms are explained in Part C3.3.3 GIC.

What data does AXA use and how?
AXA uses data in compliance with the applicable statutory provisions. More information may be found at AXA.ch/data-protection.
General Insurance Conditions (GIC)

Part A
General Conditions of the Insurance Contract

A1 Scope of the contract
The policy specifies the type of product and coverage options that have been purchased. The policy, these General Insurance Conditions (GIC), and any Special Insurance Conditions (SIC) provide information about the scope of coverage.
The insurance covers events that occur during the contract term. The contract term is specified in the policy.

A2 Territorial scope
(See also the countries marked in gray on the map at the end of these GIC)

A2.1 Scope of validity
Insurance coverage is valid for Europe and countries bordering the Mediterranean, but it does not include the Russian Federation, Belarus, Georgia, Armenia, Azerbaijan, or Kazakhstan.
The scope of validity for mobility insurance is specified under D1.2.

A2.2 Relocation abroad
If the keeper registers their departure with the Swiss authorities and/or moves abroad (except to the Principality of Liechtenstein in either case) or registers the vehicle in another country, the insurance coverage lapses at the latest at the end of the insurance year. If the policyholder wishes, the contract may be terminated earlier, but no earlier than the date of surrender of the previous license plates.

A3 Contract term

A3.1 Start
The insurance contract begins on the date specified in the policy and applies to loss/damage that occurred during the term of the contract. It is concluded for the term specified in the policy, after which it is automatically renewed for one year at a time. A contract concluded for less than one year expires on the date specified in the policy. Any provisional insurance coverage that may be in place expires three days following receipt by the applicant of the notice of rejection. In this case, the applicant will owe the pro rata premium for the period of coverage.

A3.2 Provisional insurance coverage
AXA grants provisional coverage from the date when the application is submitted until the date on which the policy is issued. This covers the benefits shown in the application, up to a maximum of:
- the minimum amount guaranteed by law under liability insurance;
- CHF 200,000 under accidental damage insurance;
- CHF 100,000 disability lump sum under accident insurance;
- CHF 20,000 death lump sum.
If the application is rejected, insurance coverage lapses three days after the policyholder receives notification to this effect. The premium is due pro rata for the term of the provisional coverage.

A4 Termination of the contract

A4.1 Ordinary termination
Either contracting party may terminate the contract in writing or in another form of text (email, for example) up to three months prior to its expiry.
If the term of the contract is longer than three years, the parties may terminate it at the end of the third year or of each subsequent year by giving notice in writing or another form of text (email, for example).

A4.2 Termination in the event of a claim
After a claim for which AXA provides benefits, the contract can be terminated:
- by the policyholder, no later than 14 days after they become aware of the payment of the benefit, with coverage ending 14 days following receipt by AXA of the notice of termination;
- by AXA, at the latest when the benefit is paid out, with coverage ending 14 days following receipt by the policyholder of the notice of termination.

A4.3 Termination by the policyholder in the event of contract adjustment by AXA
A10.2 applies.

A5 Surrender of license plates

A5.1 Coverage remains valid for a further 12 months from the date on which the license plates were surrendered to the relevant office.

A5.2 If the license plates are surrendered for a period of at least 14 days, the premium for the relevant period will be credited as soon as the plates are re-registered (suspension discount). In this case, a processing fee (suspension fee) will be applied.
A5.3 If the policy specifies a suspension waiver (for motorcycles only), the policyholder refrains from surrendering the license plates. In amendment to A5.2, no suspension discount is granted if the license plates are nevertheless surrendered. However, the suspension fee is owed.

A6 Replacement vehicle

A6.1 The insurance covers the replacement vehicle, provided that it has the required official permit. Accidental damage coverage and accident coverage apply to the replacement vehicle for a maximum of 30 consecutive days.

A6.2 Accidental damage coverage is valid for a replacement vehicle of the same value, and it continues to be valid for the replaced vehicle except for occurrences that fall under “Collision”.

A7 Use of interchangeable license plates

A7.1 A vehicle that is used on public roads without a license plate or pair of license plates is not insured.

A7.2 In the event of a change from interchangeable plates to individual plates, the excluded vehicle is covered as if the license plates had been surrendered (A5.1), provided that the keeper or owner remains unchanged.

A8 Premiums

A8.1 No-claims discount

A8.1.1 Premium level system

The same premium level system (see table and premium level decreases) applies to liability coverage and “Collision” events under accidental damage coverage but they have separate premium levels.

A8.1.2 The premium level and hence the premium are recalculated for every insurance year (January 1 to December 31). The determining factor is whether a loss/damage was notified during the 12-month period up to the three months before the end of the insurance year.

A8.1.3 In the absence of any claims, the premium level to be applied is reduced by one for the subsequent insurance year.

A8.2 Bonus protection and gross negligence

The following applies if bonus protection and gross negligence are included in the policy:

• For every insurance year, the premium level remains the same for the following insurance year after the first claim that would have led to an increase. The periods and deadlines under A8.12 apply analogously.

• In the case of traffic accidents and collisions caused through gross negligence, AXA waives its right to recourse and benefit reductions for the policies that have been purchased (A1), unless the driver caused the insured event while intoxicated or driving in an otherwise unfit condition or by grossly disregarding the speed limit (pursuant to Art. 65 para. 3 Road Traffic Act).

A8.3 Premiums/Premium levels

The premiums and premium levels at the time of purchase are stated in the policy. The premiums and levels that currently apply are stated in the premium invoice.

A9 Deductibles

A9.1 General

For every claim on which AXA pays benefits, the policyholder must pay the agreed deductible (which is specified in the policy).

If accidental damage coverage with AXA applies to both a towing vehicle and a trailer and both are affected by the same insured event, only the higher deductible applies. A young driver is defined as anyone who has not yet reached the age of 25 at the time of the insured event.

A9.2 The deductible does not apply:

A9.2.1 Liability

• If AXA must pay benefits even though the insured is not at fault (strict liability);

• If the vehicle has been used for joyriding, provided that the keeper bears no responsibility for its misappropriation.
A9.2.2 Accidental damage
- For a claim that was paid in full from liability compensation by a liable party or its insurer;
- For glass breakage, if the glass is repaired or replaced by AXA’s partner firm for glass repairs.

A9.3 Collection of deductible
The deductible is invoiced by AXA or deducted from benefits. If the deductible is not paid within four weeks of the invoice date, the policyholder will be sent a reminder to pay the invoice within 14 days from the postage date of the reminder. If the deductible is still not paid, the entire insurance contract lapses after this 14-day period. The policyholder continues to owe the deductible.

A10 Contract adjustment by AXA

A10.1 Notification by AXA
AXA may adjust the contract with effect from the following insurance year if any of the following changes occur:
- Premiums increase
- The rules on deductibles change
- The no-claims discount system changes
Notification of a contract adjustment must reach the policyholder no later than 25 days prior to the start of the new insurance year.

A10.2 Termination by the policyholder
The policyholder shall then have the right to terminate that part of the contract affected by the change, or the entire contract, at the end of the current insurance year (December 31). The contract will then end to the extent specified by the policyholder when the insurance year ends. Notice of termination must reach AXA no later than on the last day of the current insurance year.

A10.3 Consent to an adjustment to the contract
An adjustment to the contract is deemed to have been accepted if the policyholder does not give notice of termination.

A11 Duty to provide information

A11.1 Communication with AXA
The policyholder must address all communications to the relevant branch office or to the registered office of AXA.

A11.2 Increase or decrease in risk
If the information contained in the policy no longer applies, the policyholder must notify AXA immediately.

A11.3 Claims
A12 applies.

A11.4 Contract adjustment by AXA
A10 applies.

A11.5 Termination of the contract
A4 applies.

A12 Claims

A12.1 General
A12.1.1 The eligible claimant must inform AXA without delay. Options for notifying claims (see also last page of these GIC):
- By telephone
  - In Switzerland: telephone 0800 809 809 (toll-free)
  - From abroad: telephone +41 800 809 809
    telephone +41 52 218 95 95
- Online (AXA.ch) using the online claim form
- Via the myAXA smartphone app
- Via the vehicle’s telematics equipment
- In writing

AXA has the right to request an additional written claims notification in respect of loss events that were initially reported by telephone.

A12.1.2 If the notification requirements or rules of conduct are violated in such a way that the start date, scope, or determination of the loss/damage are affected, benefits may be reduced or refused accordingly.

A12.2 Liability
A12.2.1 AXA negotiates with the injured party in its own name or as the insured’s representative.
A12.2.2 The insured may not acknowledge any claims by, or make any payments to, the injured party.
A12.2.3 If civil proceedings are initiated, the insured must allow AXA to handle the proceedings. If claims under civil law are asserted against the insured during criminal proceedings, the insured must keep AXA informed about the proceedings from the outset.
A12.2.4 AXA’s settlement of claims brought by the injured party is binding on the insured.

A12.3 Accidental damage
A12.3.1 The eligible claimant must make it possible for AXA to inspect the damaged vehicle before it is repaired. Repair orders may be placed only with AXA’s approval.
A12.3.2 In all cases of theft, the police station in charge of the area where the theft took place must be notified immediately.
A12.3.2.1 If a vehicle is stolen abroad, the police station in the area where the theft took place as well as the police station at the policyholder’s place of residence/registered office in Switzerland must be notified immediately.
A12.3.3 For loss/damage involving an animal, the relevant authorities (e.g. police, game warden) must record the event or the animal’s keeper must confirm the event.

A12.4 Mobility
The insurance pays benefits only in respect of measures that have been organized or ordered by AXA.

A12.5 Accident
If so requested by AXA, every insured must consent to a medical examination by doctors appointed by AXA.

A12.6 Intoxicated and unfit condition or gross disregard of maximum permitted speed
A12.6.1 The following applies if the driver caused the insured event while intoxicated (alcohol level above the limit permitted by law) or driving in an otherwise unfit condition, or by grossly disregarding the maximum permitted speed limit, and if the driver’s license was revoked be-
cause of one of these offenses during the five years immediately prior to the event:
• AXA pays no benefits for the driver under accidental damage insurance, mobility insurance, or accident insurance.
• AXA takes recourse against the driver for benefits under liability insurance and for benefits for passengers under accident insurance.

A12.6.2 If the driver proves that the license was not revoked in the five years immediately prior to the event because of one of these circumstances, benefits on account of loss or damage caused by gross negligence shall only be reduced.

A12.6.3 These restrictions do not apply if the driver’s intoxicated or otherwise unfit condition or gross disregard of the maximum permitted speed limit had no influence on the cause and consequences of the event.

A13 Principality of Liechtenstein

If the policyholder is resident or has their registered office in the Principality of Liechtenstein, the references to provisions of Swiss law contained in the insurance contract documents shall be construed as referring to the corresponding provisions of Liechtenstein law.

A14 Applicable law and place of jurisdiction

A14.1 Applicable law
This contract is subject to Swiss law. For insurance contracts that are subject to Liechtenstein law, the binding provisions of Liechtenstein law take precedence in the event of discrepancies with the conditions mentioned above.

A14.2 Place of jurisdiction
The ordinary courts of Switzerland and, in the case of policyholders having their domicile or registered office in the Principality of Liechtenstein, the ordinary courts of Liechtenstein have exclusive jurisdiction over any disputes arising out of or in connection with the insurance contract, including lawsuits filed by insureds or third parties for indemnity for liability claims.

A15 Sanctions

The obligation to provide benefits shall lapse insofar and as long as applicable legal economic, trade, or financial sanctions inhibit indemnification under this contract.
### Part B
**Liability Insurance**

#### B1 Coverage

**B1.1 Statutory liability provisions**

The insurance covers claims for damages based on statutory liability provisions that are brought against the insured as a result of:

- Injury to or death of persons (bodily injury);

#### B3 Insureds

The insurance covers the keeper of the vehicle and all persons for whom the keeper is responsible under the Road Traffic Act.

- **B5.2.2** Of persons who use a vehicle left in their care for trips for which they are not authorized;
- **B5.2.3** Arising from trips taken without official authorization.

#### B6 Recourse

AXA can reclaim a part or all of the benefits paid to the policyholder or the insured if:

- There are legal or contractual reasons for doing so;
- It (AXA) must pay benefits after the insurance policy has lapsed.
Part C
Accidental Damage Insurance

C1 Coverage
The insured events are defined individually in the policy. The insurance covers damage to the insured vehicle as the direct result of the following events:

C1.1 Collision
Damage caused by a sudden and violent external event (this includes, in particular, damage caused by collision, impact, overturning, crash, caving in, and sinking). Damage caused by the vehicle turning over, or while loading or unloading the vehicle, is covered even if there was no external impact such as a collision.

C1.2 Theft
Damage caused by theft or attempted theft, misappropriation for use or for the purpose of committing a robbery. The insurance does not, however, cover damage through unlawful acquisition, embezzlement, or fraud.

C1.3 Natural hazards
Damage caused directly by natural forces such as landslides, rockslides, or rockfalls (damage caused by rocks falling on the vehicle directly from above), high water, floods, windstorm (= wind speed of 75 km/h or more), hail, avalanches, snow load. This list is exhaustive.

C1.4 Glass breakage
C1.4.1 Damage from breakage to the following vehicle parts: Breakage of windscreen, side, rear, and roof windows made from glass or from materials used as a substitute for glass.
C1.4.2 No benefits are paid if the replacement or repair is not performed or if the total repair cost (glass and other repair costs) reaches or exceeds the present value of the vehicle.

C1.5 Glass breakage Plus
C1.5.1 Damage to glass parts of the vehicle or to parts made from materials used as a substitute for glass.
C1.5.2 The special provision under C1.4.2 applies equally in this instance.

C1.6 Fire
Loss/damage caused by fire, explosion, or lightning. Loss/damage to cables caused through cable fire (short circuit) is covered even if there is no open fire. Warranty claims against third parties are not covered.

C1.7 Snowslide
Loss/damage from snow or ice falling onto the vehicle from above.

C1.8 Animal damage
Loss/damage from impact with animals. If the policyholder fails to meet their obligations under A12.3.3, AXA will treat the loss/damage as if it were a collision.

C1.9 Marten damage
Loss/damage caused by martens including in particular bites and consequential damage.

C1.10 Malicious damage
Loss/damage in the form of deliberately broken-off aerials, windscreen wipers, rear-view mirrors, or original decorative extras; daubed (but not scratched) paintwork, punctured tires, or harmful substances poured into the fuel tank. For motorcycles, the insurance also covers the slashing or daubing of panniers and seats. This list is exhaustive.

C1.11 Transported belongings
Damage to or destruction of items transported in the vehicle and items carried/worn by the driver or a passenger if the vehicle sustains damage. Theft is insured only if these items were locked inside or permanently attached to the vehicle.

The insurance does not cover:
C1.11.1 All types of means of payment, monetary assets, valuables, tickets, subscriptions, items of personal sentimental value, and restoration costs for photo, film, and sound recordings, computer data, and files.
C1.11.2 All types of electronic equipment (desktop and laptop computers, mobile phones, etc.), software, and merchandise, as well as objects that are used in the exercise of a profession.

C1.12 Transported belongings Plus
Same coverage as for “Transported belongings” as set out in C1.11, but without the restrictions defined in C1.11.2.

C1.13 Parking damage
Loss/damage of up to CHF 1,000 caused by unknown persons or vehicles to the parked vehicle. Only one claim is paid per license plate per insurance year (January 1 to December 31); the date of the loss/damage is decisive. If benefits are paid from parking damage insurance, AXA will not additionally pay benefits from collision coverage (C1.1).

C1.14 Parking damage Plus
Loss/damage caused by unknown persons or vehicles to the parked vehicle.

C1.15 Loss of use
In the case of an insurable accidental damage event as defined in C1.1 to C1.14, AXA pays the travel and transport costs or car hire costs that arise from the loss of use of the vehicle. If a replacement vehicle is rented, AXA pays the going price for hiring a vehicle in the same category.

C1.16 Transportation after a breakdown
If the vehicle cannot be used due to breakdown, AXA pays the actual cost of transporting the vehicle to the nearest suitable repair garage. Loss/damage caused by events described in C1.1 to C1.12 does not constitute a breakdown.
C2 Insured value of vehicle
C2.1 The insurance covers the vehicle specified in the policy, including its accessories.

C2.2 Unless a special agreement is in force, accessories and extras which go beyond the standard features of the vehicle and for which an additional price was paid (e.g. car radio, automatic transmission, sunroof, metallic paint, attached advertisements, logos, and painted works, extra tires, special/spare rims, ski racks, etc.) are also insured collectively up to a maximum of 10% of the vehicle’s list price.

C2.3 The following do not constitute extras and accessories:
- All types of electronic equipment not permanently installed in the vehicle.
- In addition for motorcycles: Helmets, goggles, gloves, and other articles of clothing.

C3 Benefits
C3.1 General
For insured events, AXA pays benefits for the repairs or the total loss and also pays the costs of:
- Recovering and transporting the vehicle to the nearest suitable repair garage;
- If necessary, return transportation from abroad up to a maximum of CHF 1,000;
- Customs clearance.

The cost of cleaning the vehicle’s interior after administering first aid to accident victims is covered up to CHF 500. For transported belongings, the repair cost is covered up to a maximum of the cost of purchasing a new item of equal value, but in no case more than the agreed sum insured.

C3.2 Repairs
C3.2.1 Free choice of garage
If “free choice of garage” is specified in the policy, the policyholder can have the vehicle repaired at the garage of their choice. Otherwise, AXA selects the repair garage.

C3.2.2 AXA pays the costs for the repair of the vehicle within the limits of its present value as well as the additional features and accessories, unless the event involves a total loss as defined in C3.3. Compensation can be made contingent on the repairs actually being carried out.

C3.2.3 If faulty maintenance, wear and tear, or prior damage have led to increased repair costs or if the repair has improved the condition of the vehicle, the policyholder must bear the corresponding share of these costs. AXA is under no obligation to pay new-for-old compensation if damaged components can be repaired so as to function correctly. The insurance pays the present value for damaged tires.

C3.3 Total loss
C3.3.1 Description
A total loss arises if:
- The repair costs exceed the present value;
- For the compensation type “present value supplement”, the repair costs exceed 60% of the value of the vehicle during the first two years in operation;
- A stolen vehicle or stolen additional features and accessories have not been found within 30 days of the theft being reported to a Swiss branch of AXA.

The benefits are reduced commensurately after an assessment by an expert if inadequate maintenance, wear and tear, or pre-existing damage contributed to the total loss. If the actual purchase price was less than the benefits calculated in this manner, the purchase price is paid, but at a minimum of the present value. The agreed deductible and the salvage value are only deducted after the benefits have been calculated.

C3.3.2 Calculation of benefits

The benefits are restricted to the present value.

C3.3.2.3 Salvage value of the vehicle
In case of a total loss, the benefits are reduced by the vehicle’s salvage value. If this value is not deducted, the remains of the vehicle become the property of AXA as soon as the benefits have been paid.

If a stolen vehicle or individual additional features and accessories are compensated as a total loss, ownership rights are transferred to AXA.

C3.3.2.4 Value added tax (VAT)
Claims payments are disbursed without value added tax to taxpayers who are able to deduct the input tax. Claims payments based on provisional estimates of repair costs do not include value added tax.

C3.3.3 Definitions of terms
- Time in operation: Period from initial registration to the date of the loss/damage.
- Vehicle value: The amount shown in the policy consisting of the list price plus the price of extras and accessories.
- List price: The official price at the time of manufacture, including VAT; if it cannot be determined, the gross price of the new vehicle applies.
- Present value: The value of the vehicle plus its extras and accessories at the time of the insured event as calculated on the basis of the time in operation, kilometers driven, marketability, and condition. If no agreement can be reached on the present value, the matter will be decided based on the documents provided by the Verband der freiberuflichen Fahrzeug-Sachverständigen (association of independent vehicle experts).

C4 Exclusions
