How much is the premium and when is it due?

The amount of the premium is based on the watercraft, the scope of cover selected, the deductibles and additional criteria; and additionally, all-risk insurance, on the level in the no-claims discount system (A6). The contract can also be terminated early by giving notice, for reasons such as the following:

- after every claim for which AXA pays benefits (A4.2);

General Insurance Conditions (GIC)

Part A

General Conditions of the Insurance Contract

A1 Scope of the contract

The policy specifies what cover has been concluded. The policy, these General Insurance Conditions (GIC), and any Special Insurance Conditions provide information about the scope of coverage.

The insurance covers events that occur during the term of the contract. E9 applies to legal protection insurance. The contract term is specified in the policy.

A2 Territorial scope

A2.1 European inland waters

The insurance is valid for European inland waters, including rivers and canals and the connecting harbors, up to their outermost breakwater wall or their border with the sea. The insurance is also valid on land in Europe. It is not valid on the territory of the following European states: Russian Federation, Estonia, Latvia, Lithuania, Belarus, Ukraine, Moldova, Georgia, Armenia, Azerbaijan, and Kazakhstan.

A2.2 Extension of scope of validity

The scope of validity of the insurance can be extended. Any extension that has been agreed is stated in the policy. Losses and damage in restricted zones are not covered.

A2.2.1 European coastal waters

The insurance is also valid in European coastal waters provided that the watercraft remains within sight of and not more than six nautical miles from the coast. A shorter distance may apply depending on the regulations of the country concerned.

A2.2.2 High seas (zone B)

Provided that the construction and equipment of the watercraft as well as the operator's license meet the requirements of the Swiss Maritime Authority, the insurance is valid – in addition to its validity on the inland waters of Western Europe – on the high seas of Western Europe, i.e.

- in the waters of the Baltic Sea;
- in the Kattegat;
- in the Skagerrak;
- in the North Sea;
- in the English Channel;
- in the Irish Sea;
- in the waters connecting to the Atlantic Ocean within 60° north, including Bergen, 20° west, and 25° north;
- in the Mediterranean Sea including the straits and connecting inland seas.

A2.2.3 High seas (zone C)

Provided that the construction and equipment of the watercraft as well as the operator's license meet the requirements of the Swiss Maritime Authority, the insurance is valid worldwide.

A2.3 Relocation of domicile abroad

If the keeper moves their domicile abroad or if they register the watercraft abroad or obtain a foreign flag certificate for it, cover ends at the latest when the insurance year ends. At the policyholder's request, the contract can also be canceled sooner, at the earliest on the date when the watercraft is registered abroad or the flag certificate is obtained abroad. This provision does not apply if the keeper relocates their domicile to the Principality of Liechtenstein.

A3 Term of the contract

The insurance contract begins on the date specified in the policy. It is concluded for the term shown in the policy, after which it is automatically renewed for one year at a time. A contract concluded for less than one year ends on the date shown in the policy. Any provisional insurance cover that may be in place expires once the policy is issued.

AXA may reject the application. Any provisional insurance cover that may be in place ends three days after notice of such rejection is received by the applicant. In this case, the applicant will owe the *pro rata* premium for the period of coverage.

A4 Termination of the contract

A4.1 Ordinary termination

Either contracting party may terminate the contract in writing or in another form of text (email, for example) up to three months prior to its expiry.

If the term of the contract is longer than three years, the parties may terminate it at the end of the third year or of each subsequent year by giving notice in writing or another form of text (email, for example).

A4.2 Termination after a claim or legal case

After a claim or legal case for which AXA or AXA-ARAG pay benefits, the contract can be terminated:

- by the policyholder, no later than 14 days after they become aware of the payment of the benefit, with cover ending 14 days after receipt by AXA of the notice of termination.
- by AXA or AXA-ARAG, at the latest on disbursement of the benefit or provision of the last service; insurance cover ends 14 days after the policyholder receives the notice of termination.

A4.3 Termination by the policyholder in the event of an adjustment to the contract by AXA

A9.2 applies.

A5 Premiums

A5.1 Amount and due date of premium

The premium specified in the policy is due on the first day of each insurance year; the due date for the first premium is specified in the invoice. In the event of installment payments, the installments due during the insurance year are deemed to be deferred. AXA may add a surcharge to each installment.

A5.2 Premium calculation

The amount of the premium is based on the watercraft and the operator, the scope of cover selected, the deductibles and additionally, for all-risk insurance, on the level in the no-claims discount system (A6). The premiums, their due dates, the premium level, statutory duties, and fees are shown in the application, the policy, and the premium statement.

A6 No-claims discount and bonus protection in all-risk insurance

A6.1 No-claims discount table

Level	Annual premium in %	No-claims discount in %
9	100	
8	100	
7	100	
6	100	
5	90	10
4	80	20
3	70	30
2	60	40
1	50	50
0	45	55

A6.2 Calculation of the no-claims discount level

The no-claims discount level and thus the premium are recalculated for every insurance year. The relevant period for the calculation comprises the 24 months prior to the applicable date, which is three months before the end of the insurance year.

If one claim was notified for a collision event in accordance with C1.1 during this period, the current premium level remains in place (bonus protection).

If two or more collision claims were notified during this period, the premium level for the next insurance year is increased by three levels per collision claim, but only up to a maximum of level nine.

In the absence of a collision claim, the level is reduced by one for the following insurance year.

Likewise, the no-claims discount level is not increased if:

- a liable party or their insurer paid the full amount in liability compensation for a claim that was definitively settled;
- the policyholder refunds the benefits that AXA has paid within 30 days from the date on which the policyholder was notified of the settlement.

A7 Deductible

A7.1 General

For every event for which AXA or AXA-ARAG pays benefits, the policyholder must pay the agreed deductible.

A7.2 Waiver of deductible

A7.2.1 Liability

The deductible does not apply:

- if AXA must pay benefits even though the insured is not at fault (strict liability);
- in cases involving joyriding, provided that the keeper bears no responsibility for the misappropriation of the watercraft.

A7.2.2 Accidental damage

The deductible is waived in the case of damage for which a liable party or its insurer paid the full amount in liability compensation.

A7.2.3 Legal protection insurance

E4.1.3 applies.

A7.3 Collection of deductible

The deductible is invoiced by AXA or AXA-ARAG, or is offset against the benefits. If the deductible is not paid within four weeks of the invoice date, the policyholder receives a formal written reminder to pay the invoice within 14 days of delivery of the reminder. If the deductible is still not paid, the entire insurance contract lapses after this 14-day period. The policyholder continues to owe the deductible.

A8 Gross negligence

A8.1 Liability, accidental damage, and accident

AXA waives its right of recourse and reduction if traffic accidents or collisions are caused through gross negligence, unless the operator caused the insured event while intoxicated or unfit or by grossly disregarding the permitted maximum speed.

A8.2 Legal protection

E4.3.1 applies.

A9 Contract adjustment by AXA or AXA-ARAG

A9.1 Notification by AXA or AXA-ARAG

AXA or AXA-ARAG may adjust the contract with effect from the following insurance year if there are changes to:

- premiums
- rules on deductibles
- the no-claims discount system

Notification of a contract adjustment must reach the policyholder no later than 25 days prior to the start of the new insurance year.

A9.2 Termination by the policyholder

The policyholder shall then have the right to terminate that part of the contract affected by the change, or the entire contract, at the end of the current insurance year. The contract will then end to the extent specified by the policyholder when the insurance year ends. Notice of termination must reach AXA no later than on the last day of the current insurance year.

A9.3 Consent to an adjustment to the contract
An adjustment to the contract is deemed to have been accepted if the policyholder does not give notice of termination.

A10 Duty of care and other obligations

A10.1 Duty of care and other obligations in the event of a claim
A12 applies.

A11 Duty to provide information

A11.1 Communication with AXA or AXA-ARAG
The policyholder or eligible claimant must address all communications to the relevant branch office or registered office of AXA or AXA-ARAG.

A11.2 Increase or decrease in risk
The policyholder must inform AXA or AXA-ARAG immediately if the information stated in the policy has changed.

A11.3 Claims and legal cases
A12 applies.

A11.4 Contract adjustments by AXA or AXA-ARAG
A9.1 applies.

A11.5 Termination of the contract
A4 applies.

A12 Claims and legal cases

A12.1 General
The eligible claimant must notify AXA or AXA-ARAG immediately of a claim or legal case. If notification obligations and rules of conduct are breached so as to affect the occurrence, scope, or assessment of the loss/damage, benefits may be reduced or refused in accordance with the consequences arising from such breach. This step will not be taken if, under the circumstances, the breach was beyond the insured's control or if the insured can prove that the legal case did not arise as a result of it and that the amount of the benefits owed was not affected.

A12.1.1 Options for reporting claims to AXA:

- by telephone;
- via the claims form at AXA.ch;
- via the myAXA smartphone app;
- via the craft's telematics equipment;
- in writing (see the last page of these GIC).

In the case of loss events reported by telephone, AXA is entitled to require an additional notification of the claim in writing.

in writing:

8050 Zurich

online:

MyRight.ch – the online legal portal

Notifications by AXA-ARAG to the policyholder and to insureds are legally valid if sent to the most recent address in Switzerland provided by them in writing, or to their legal representatives.

A12.2 Liability

A12.2.1 AXA negotiates with injured parties in its own name or as the insured's representative.

A12.2.2 The insured is not permitted to acknowledge claims by or make payments to injured parties.

A12.2.3 If a civil action is instituted, the insured must let AXA manage the case. If claims under civil law are asserted as part of criminal proceedings, the insured must keep AXA informed about the proceedings from the outset.

A12.2.4 AXA's settlement of claims brought by the injured party is binding on the insured.

A12.3 Accidental damage

A12.3.1 The eligible claimant must make it possible for AXA to inspect the damaged watercraft before it is repaired. Repair orders may be placed only with AXA's approval.

A12.3.2 In a case of theft, the police station in the area where the theft occurred must be notified immediately.

A12.3.2.1 If the watercraft is stolen abroad, the police station in the area where the theft took place as well as the police at the location of the policyholder's domicile or registered office in Switzerland must be notified immediately.

A12.4 Accident

At AXA's request, each insured must undergo an examination by doctors appointed by AXA.

A12.5 Intoxicated and unfit condition or gross disregard of maximum permitted speed

A12.5.1 The following apply if the operator of the watercraft caused the insured event while intoxicated or in an otherwise unfit condition, or by grossly disregarding the permitted maximum speed, and if their license was revoked for one of these offenses during the five years immediately prior to the event:

- under accidental damage insurance, AXA does not pay benefits if the policyholder was aware or must have been aware of the unfit condition or intoxication of the operator;
- under accident insurance, AXA does not pay benefits for the watercraft operator.

An intoxicated condition is a condition in which the legally permitted concentration of alcohol in the blood is exceeded.

A12.5.2 If the operator proves that their license was not revoked in the five years prior to the event for one of the offenses stated in A8.1, benefits on account of loss or damage caused by gross negligence shall only be reduced.

A12.5.3 Recourse claims against the operator are not affected by these provisions.

A12.5.4 These restrictions do not apply if the substantiated offense had no influence on the cause or consequences of the event.

A12.6 Legal protection insurance
E8 applies to the procedure in a legal case.

A13 Principality of Liechtenstein

If the policyholder is resident or has their registered office in the Principality of Liechtenstein, the references to provisions of Swiss law contained in the insurance contract documents shall be construed as referring to the corresponding provisions of Liechtenstein law.

A14 Applicable law and place of jurisdiction

A14.1 Applicable law

This contract is subject to Swiss law. Where insurance contracts are subject to Liechtenstein law, the binding provisions of Liechtenstein law take precedence if they differ from these GIC.

A14.2 Place of jurisdiction

The ordinary courts of Switzerland and, in the case of policyholders having their domicile or registered office in the Principality of Liechtenstein, the ordinary courts of Liechtenstein have exclusive jurisdiction over any disputes arising out of or in connection with the insurance contract, including lawsuits filed by insureds or third parties for indemnity for liability claims.

A15 Sanctions

AXA will not provide any insurance coverage, claims payments or any other indemnity to the extent that the provision of such indemnity would expose AXA to any sanction, prohibition or restriction under any UN resolution or any trade or economic sanctions, laws or regulations of the European Union, the United Kingdom, the United States of America, Switzerland or the Principality of Liechtenstein.

Part C

Accidental Damage Insurance

C1 Scope of coverage

All-risk insurance covers **all** damage and loss (including the risks pursuant to C1.1 to C1.11), unless specifically excluded. In addition, machinery insurance events (C1.12) and assistance events (C1.13) can be included in the insurance.

Accidental damage insurance without collision cover includes accidental damage events C1.2 to C1.11 and – if agreed – assistance (C1.13).

Applies to watercraft fleets only:

Accidental damage insurance with collision cover includes the accidental damage event of collision (C1.1) and the accidental damage events not involving collision (C1.2 to C1.11). In addition, machinery insurance events (C1.12) can be included in the insurance.

The policy states which coverage was agreed and which events are insured.

C1.1 Collision

Loss or damage due to a sudden and violent external occurrence. This specifically includes loss or damage due to impact, collision, running aground, taking on water, capsizing, sinking, and windstorm (winds of 75 kph or more).

Buckled or broken masts and spars as well as torn standing or running rigging fall under collision damage, provided that there is no other accidental damage event or operational damage as defined in C 4.1.

C1.2 Theft

Damage caused by theft or attempted theft, misappropriation for use, or robbery.

The insurance does not cover loss or damage due to unlawful appropriation, embezzlement, or fraud.

C1.3 Natural hazards

Loss or damage caused directly by natural events such as landslides, rockslides, rockfalls, high water, flood, windstorm (winds of 75 kph or more), hail, avalanche, and snow load.

The insurance does not cover loss or damage caused by windstorms during the voyage or while the watercraft is berthed in the water.

C1.4 Natural hazards 'Plus'

This coverage corresponds to that described in C1.3, but also includes loss or damage caused by windstorms (winds of 75 kph or more) while the watercraft is berthed in the water.

C1.5 Glass breakage

Breakage of windows and other types of glass or of synthetic materials used instead of customary glass, with the exception of light bulbs and sound and video reproducing apparatuses.

C1.6 Fire

Loss or damage caused by open fire, explosion, implosion, and lightning. Loss of/damage to cables caused by cable fire (short circuit) is covered even if there is no open fire.

The insurance does not cover warranty claims against third parties.

C1.7 Snowslide

Loss/damage from snow or ice falling onto the watercraft from above.

C1.8 Malicious damage and vandalism damage

Losses/damage due to malicious or intentional severance of attached components or decorative elements, daubed paintwork, or harmful materials poured into the fuel tank. Other vandalism damage caused by unknown third parties is insured up to a maximum of CHF 10,000. Scratching of the paintwork is not covered.

C1.9 Loose accessories and personal items

Damage to or destruction of items of property transported in the watercraft and items worn by the operator or passengers if the watercraft sustains damage.

Theft is insured only if these items were locked inside the watercraft or in storage compartments, or were permanently attached to the watercraft.

Benefits are limited to the sum insured stated in the policy.

The insurance does not cover:

C1.9.1 All types of means of payment, monetary assets, valuables, tickets, subscriptions, items of personal sentimental value, and restoration costs for photo, film, and sound recordings, computer data, and files.

C1.9.2 All types of electronic equipment (desktop and laptop computers, mobile phones, etc.), software, and merchandise, as well as objects that are used in the exercise of a profession.

C1.10 Flying objects

Damage caused by flying objects or detached parts thereof that crash.

C1.11 Seaweed

The insurance covers damage caused by seaweed, as well as nets, ropes, or lines. Compensation is limited to a maximum of CHF 5,000. The deductible is CHF 500.

C1.12 Machinery insurance: external influences and internal causes

C1.12.1 Insured property

Cover includes all electrical and electromechanical devices and equipment that are permanently attached to the insured watercraft, such as the drive train, generators, and communication and navigation instruments. Devices and equipment such as outboard motors or navigation instruments which are detachable are only covered as long as they are installed in the vessel and included in the sum insured.

C1.12.2 Scope of coverage

In addition to C1.1 to C1.11 and in partial amendment of C 4.1, coverage includes unforeseeable and sudden damage to or destruction of the insured property due to external influences and internal causes. This category includes (but is not limited to) the following:

- improper use, carelessness, negligence;
- damage from the effects of electricity such as short circuit, overcurrent, or overvoltage;
- design, material, or manufacturing errors;
- overload, over-revving;
- over-vacuum or overpressure;
- insufficient water, oil, fuel, or other operating agents;
- damage from fluids the cause of which lies within the insured property;
- failure of systems for measuring, controlling, and safety;
- failure of electronics.

The term 'failure of electronics' denotes a case where electronic parts become unusable – i.e. when they no longer function or no longer function correctly without there being any visible damage or destruction. Proof of damage has been demonstrated once the function has been restored following replacement of the smallest replaceable electronic assembly.

C1.12.3 Duty of care

C1.12.3.1 The manufacturer's instructions regarding maintenance, care, and operation of the insured property must be observed. Specifically, service intervals stipulated in the operating instructions or elsewhere must be complied with and, if so prescribed, servicing must be carried out and verified by a qualified specialist.

C1.12.3.2 If further use of an item of insured property after the occurrence of damage is contrary to recognized technical rules, the item may be used again only after it is definitively restored and its proper operation is guaranteed.

C1.12.3.3 Faults and defects which could lead to loss or damage and which are, or must have been, known to the policyholder, the latter's representative, or the responsible operational management, must be rectified as quickly as possible at the said parties' own expense.

C1.12.3.4 If the policyholder, the policyholder's representative, or the responsible operational management is culpably in breach of duty of care obligations, safety rules, or other obligations, or if the said parties were culpably in breach of the technical rules that were generally recognized when the loss or damage occurred, AXA may, in the event of a claim, reduce the compensation in proportion to the extent that the lapse influenced the occurrence or scope of the loss or damage.

C 1.13 Assistance

The insurance covers the costs of towing by the water police, maritime rescue service, or a boatyard if the insured watercraft cannot be independently returned to the home port or repair yard due to a breakdown. These costs will be paid following submission of an invoice/receipt.

C2 Insured watercraft

C2.1 The insurance covers the watercraft (including engine and/or sails) specified in the policy together with the statutorily or officially prescribed equipment including its fixed accessories and cover (tarpaulin). The insurance also covers any value-adding investments made after the contract was signed; in total, however, these may not exceed 10% of the sum insured specified in the policy.

C2.2 If mentioned in the policy, the insurance also covers:

- dinghy, if powered by an engine that does not exceed 20 hp (14.7 kW);
- boat transporter (trailer).

Cover applies in the same way as for the watercraft shown in the policy.

C3 Benefits

C3.1 General

In the case of an insured event, AXA provides benefits for the repairs or pays the total loss compensation. In addition, AXA pays the costs of recovery and transport to the nearest suitable dock, up to a maximum of CHF 100,000.

C3.2 Repairs

C3.2.1 AXA covers the cost of repairs to the watercraft and any insured accessories which reflect their present value, except in the case of a total loss as defined in C3.3. Compensation can be made contingent on the repairs actually having been carried out.

C3.2.2 The policyholder must pay part of the repair costs if

- inadequate maintenance, wear and tear, or prior damage have increased the repair costs, or
- if the condition of the watercraft was improved by the repair.

AXA is under no obligation to pay new-for-old compensation if damaged components can be repaired so as to function correctly.

C3.3 Total loss

C3.3.1 The definition of total loss applies if:

- the repair costs exceed the present value;
- a misappropriated watercraft and misappropriated insured accessories are not found within 30 days from when the theft was reported to an AXA office in Switzerland.

C3.3.2 Calculation of benefits

Contract year	Percent of the sum insured
1	100
2	100
3	100
4	100
5	100
more than 6	present value (plus 10%)

C3.3.2.1 Benefits are reduced commensurately following a claims adjuster's assessment in cases where inadequate maintenance, wear and tear, or prior damage have contributed to the total loss.

C3.3.2.2 The insurance covers the present value of inflatable rafts, high-tech regatta boats, outboard motors, sterndrives, sails, tarpaulins, covers, boat trailers, and dinghies.

C3.3.2.3 The effective purchase price is compensated if it was lower than the benefits determined in this way. The agreed deductible and the salvage value are only deducted after the benefits have been calculated.

C3.3.2.4 **Remains of the watercraft**
In the case of a total loss, the benefits are reduced by the value of the remains of the watercraft. If this value is not deducted, the remains become the property of AXA as soon as the benefits have been paid.

Ownership rights are transferred to AXA if a misappropriated watercraft or insured accessories are indemnified as a total loss.

C3.3.2.5 **Value added tax**
Claims payments are disbursed without value added tax to taxpayers who are able to deduct the input tax. Claims payments based on provisional estimates of repair costs do not include value added tax.

C3.3.3 **Definitions of terms used in calculating benefits**
(C3.3.2)

- **Contract years:** The contract years are the number of years since issuance of the last contract specifying the watercraft's value. Amounts are prorated during a contract year.
- **Sum insured:** The sum insured is the value specified in the policy for the insured watercraft when the contract was concluded, including the statutorily or officially prescribed equipment, fixed accessories, and tarp. If specifically stated in the policy, the sails, engine, dinghy, and boat trailer are also included.
- **Reinstatement value:** Reinstatement value refers to the amount needed to purchase new property of equal value at the time of the loss event.
- **Present value:** The present value is the value of the watercraft plus the insured accessories at the time of the insured event, taking into account its period of operation, marketability, and condition.

C4 Exclusions

The insurance does not cover:

- C4.1** The insurance does not cover loss or damage resulting from operation (operational damage), specifically
- loss or damage without violent external influence;
 - loss or damage due to an internal defect, e.g. missing or frozen fluids, operating errors, faulty materials or design errors, fatigued materials, wear and tear, exceeded capacity, malfunction of electrical and electronic components;

C4.4 The insurance does not cover consequential costs due to:

- laydays;
- wintering;
- any reduced value;
- reduced capacity to compete in races;

C4.5 The insurance does not cover damage from scraping and pressure, or damage to the polish or paintwork that occurs while the insured property is being transported, unless such damage can be attributed to an accident involving the means of transportation, force majeure, or theft.

C4.6 The insurance does not cover insured property that is lost or falls overboard, unless this occurs in connection with insured damage to the watercraft.

C4.7 The insurance does not cover loss or damage due to participating in races and similar competitions or training runs involving watercraft with engines.

C4.8 The insurance does not cover loss or damage in connection with warlike events, military use, requisition, earthquake, nuclear energy, and ionizing radiation.

C4.9 Loss or damage in connection with civil unrest and violence against persons or property during riots and similar events, unless the policyholder explains plausibly that the policyholder or the operator of the watercraft took reasonable measures to avoid the loss or damage.

C4.10 Loss or damage caused by chemical, biological, biochemical substances or electromagnetic waves deployed as weapons including consequential damages.

C4.11 Loss or damage resulting from intentionally attempted or committed felonies or crimes.

C4.12 Loss or damage in connection with embezzlement and fraud, seizure of the watercraft on the basis of an official order as well as the resulting costs. Loss or damage in connection with a violation of statutory transportation safety regulations.

C4.14 Loss or damage due to scratching of the paintwork by unknown third parties.

C4.15 Exclusions for machinery insurance (C1.12)

The insurance does not cover:

C4.15.1 Loss or damage which is insured or insurable pursuant to C1.1 to C1.11.

- lasting, foreseeable influences of a mechanical, thermal, chemical, or electrical nature such as aging, wear and tear, corrosion, or rotting;
 - excessive rust, sludge, boiler scale, and other deposits;
 - frost, freezing of coolant.
- Furthermore, the insurance does not cover loss or damage in connection with seaweed, nets, ropes, or lines. If such damage leads to sudden and unforeseeable damage to or destruction of insured items, these forms of consequential damage are included within the scope of coverage agreed in the policy, with the exception of consequential damage due to frost, nets, ropes, or lines.
- C4.15.3 Loss or damage for which the manufacturer or seller is liable by law or contract.
- C4.15.4 Changes to or loss of data and programs.

C5 Obligations for berthing on the water and during transport

- C5.1** Depending on its location (marina, mooring buoy, dry dock, public or private mooring/parking space, etc.), the watercraft and other insured property must be properly attached and secured in accordance with local conditions, taking account of changing water levels as well as material statutory provisions and official directives that apply. If snow loads pose a risk, they must be cleared in good time. The condition of the watercraft must be assessed immediately after any natural hazard events such as storms or downpours.
-
- C5.2** The watercraft and other insured property must be correctly loaded and attached, secured, or packaged while being transported.
-
- C5.3** AXA pays no benefits if the obligations were culpably breached unless the policyholder can prove that the breach of obligations influenced neither the occurrence nor the consequences of the events.

E4.3	Special provisions
E4.3.1	Gross negligence AXA-ARAG waives its right to reduce indemnification in cases involving gross negligence.
E4.3.2	Multiple legal disputes arising from the same circumstance or cause count as one legal case. The amounts for all insureds per legal case are cumulated. The sum insured is paid at most once, irrespective of the number of injured parties, prospective claimants, or eligible claimants.
E4.3.3	The same applies if insureds are covered under different insurance contracts with AXA-ARAG for the same legal case. In these cases, the highest agreed sum insured is paid.
E4.3.4	In addition, the maximum cumulated sum insured of CHF 1,000,000 per policy applies to all legal cases that occur during the same insurance year.
E4.3.5	The sum insured is reduced by the agreed deductible in each case.
E4.3.6	Buyout of claim AXA-ARAG has the right to exempt itself from the obligation to indemnify by compensating the commercial interest of the insured. The commercial interest is derived from the amount in dispute while taking due account of the risk of litigation and risk of collection.

E5 Sums insured

Within the scope of benefits defined in E4, AXA-ARAG covers costs up to a sum insured of CHF 300,000. For voyages on the sea pursuant to extended scope of validity A2.2, a sum insured of CHF 150,000 is applicable.

E6 Insured legal cases

The insurance covers safeguarding of the insured's legal interests in the areas listed exhaustively in E6.1 to E6.9.

E6.4	Vehicle contract law Disputes arising from contracts under the Code of Obligations in connection with the purchase, exchange, rental, leasing, borrowing, or repair, etc. of insured watercraft and other watercraft rented or chartered by the policyholder.

E7.7	Legal cases in connection with claims and obligations that are assigned or transferred to the insured.
E7.8	Legal cases in connection with participation in competitive events and races.

E7.10	Legal cases involving an operator who again operated a craft while in an unfit state or under the influence of

alcohol, drugs, or medication after AXA-ARAG had already provided coverage for such a case. Cover remains in effect for the other insureds.

E7.11 Legal cases concerning qualifying or re-qualifying for an operator's license.

E7.12 Legal cases in connection with the transportation of persons or goods for a fee or in a professional capacity.

E8 Procedure in the event of a claim, free choice of lawyer, differences of opinion

E8.1 Notification of a legal case

AXA-ARAG must be notified immediately about any legal case for which an insured is claiming benefits. The insured must obtain AXA-ARAG's approval before taking legal action for which cover is requested, or before retaining a legal representative.

E8.2 Procedure

After a legal case has been notified, the insured must provide AXA-ARAG with all the necessary information and powers of attorney. After it has reviewed the legal situation, AXA-ARAG discusses the next steps with the insured. AXA-ARAG then conducts negotiations with the aim of reaching an amicable settlement. If negotiations fail, AXA-ARAG decides on the next steps to take and whether initiating proceedings is appropriate.

E8.3 Retaining a lawyer

AXA-ARAG decides whether it is necessary to retain a lawyer and suggests a suitable professional if this is the case. The insured mandates the lawyer and grants them power of attorney. The insured must release the lawyer from professional secrecy obligations toward AXA-ARAG. In addition, the insured must require the lawyer to keep AXA-ARAG informed about developments in the case and to provide it with the information and documents it needs to reach its decisions.

E8.4 Free choice of lawyer

If, with regard to a court or administrative procedure, it is necessary to retain a lawyer or there is a conflict of interests, the insured has the right to choose their own lawyer with the agreement of AXA-ARAG. A conflict of interests involves a situation in which the opposing party to the insured is an AXA Group company – except for AXA-ARAG – or a legal case in which AXA-ARAG must also provide cover for the opposing party. If no agreement can be reached on which lawyer to retain, AXA-ARAG will choose one of three lawyers that the insured suggests. These legal representatives may not work for the same law firm or partnership of lawyers, nor may they be connected in any other way.

E8.5 Confirmation of coverage

AXA-ARAG can define a period for its confirmation of coverage for insured benefits, impose conditions or include restrictions, or limit it to a particular stage of proceedings or an amount. The insured's notification to the lawyer that confirmation of coverage has been provided does not constitute grounds for requesting debt assumption.

E8.6 Settlements

AXA-ARAG assumes obligations arising from a settlement at its expense only if it has agreed to do so.

E8.7 Indemnification of the legal expenses of an opposing party

Reimbursement for attorney's fees and disbursements and indemnification of the legal expenses of an opposing party that are awarded to the insured from a court or out-of-court settlement must be repaid or assigned to AXA-ARAG up to the amount it has paid.

E8.8 Futility

If AXA-ARAG refuses to support a measure because it considers doing so to be futile, it must state its reasons in writing immediately and, in the event of a difference of opinion, inform the insured of the possibility of instituting proceedings pursuant to E8.9. In this case, the insured is responsible for observing the deadlines for any appeals, and the forfeiture and limitation periods.

E8.9 Procedure in the case of differences of opinion

If opinions differ on the measures required to settle a legal case, the insured has the right to have the matter reviewed by an independent expert to be appointed jointly by the parties. Each party must advance half of the costs incurred; the losing party ultimately bears all the costs. The opposing party's legal expenses are not reimbursed. The decision is deemed to have been accepted unless the insured requests such a procedure within 20 days of receiving the refusal. At the request of the insured, or if it proves impossible to agree on an expert, the judge rather than an expert must make the decision by means of summary proceedings at one party's registered office or domicile in Switzerland.

E8.10 Measures at own expense

If the insured takes legal action at their own expense after the obligation to indemnify was rejected because of futility, AXA-ARAG will cover the costs incurred under the provisions of E4 and E5 if the judgment proves to be more favorable for the insured than the solution for which AXA-ARAG had set out written reasons, or than the result of the arbitration proceedings.

E8.11 Prohibition of assignment

The insured is not permitted to assign claims against AXA-ARAG from this contract to third parties without the written approval of AXA-ARAG.

E8.12 Restrictions and liability exclusions

AXA-ARAG can indemnify through an external claims handler or limit its payment to appropriate costs. AXA-ARAG accepts no liability of any sort in connection with choosing and mandating a lawyer or interpreter, nor for the timely passing on of information or payments.

E8.13 Violation of duties to provide information or of rules of conduct

If duties to provide information, or rules of conduct, are violated, AXA-ARAG may reduce or deny its benefits. This step will not be taken if, under the circumstances, the breach was beyond the insured's control or if the insured can prove that the legal case did not arise as a result of it and that the amount of the benefits owed was not affected.

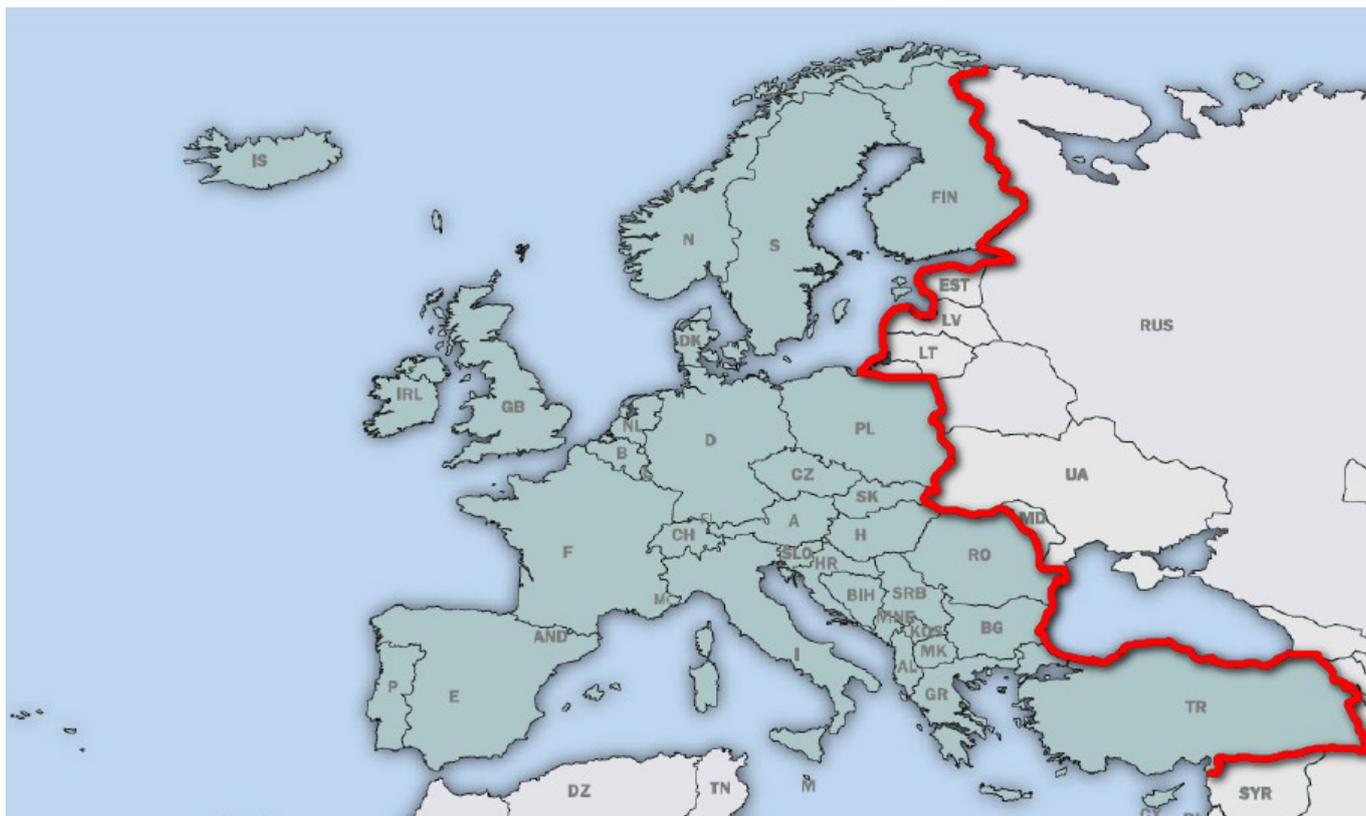

E9 **Trigger**

E9.1 A legal case is insured if its cause or triggering event and the need for legal protection occurred during the contract term. The cause or triggering event is deemed to have occurred on the date on which the legal provisions or contractual obligations are proven or alleged to have been violated for the first time. Under the law of damages, the date when the damage was caused is applicable; in the case of disputes over insurance benefits, the date of occurrence of the insured event is applicable.

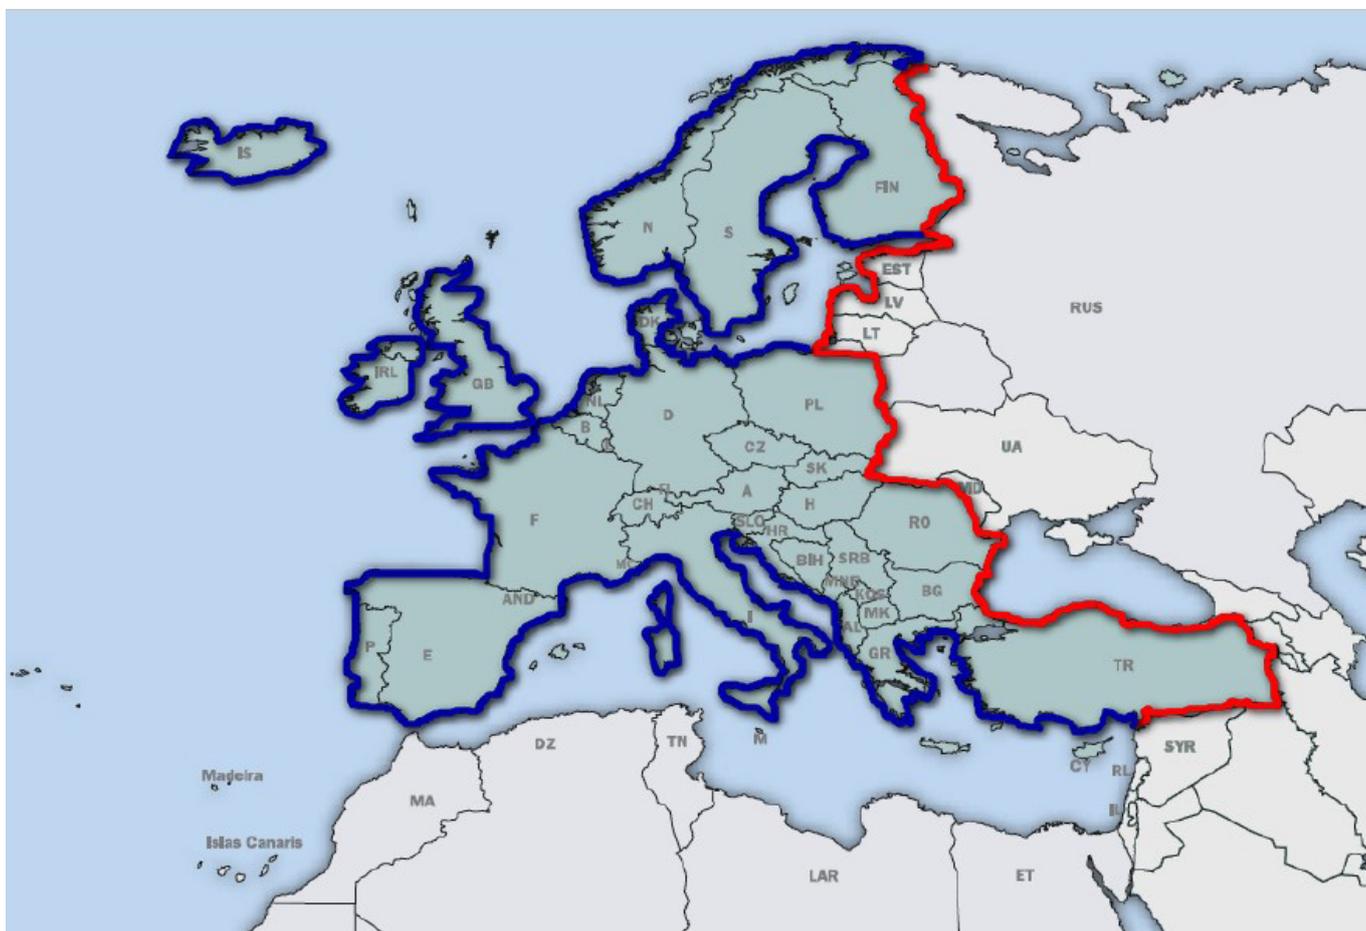

E9.2 No legal protection is granted if a legal case is notified more than three months after the policy is canceled. In the event of a prolonged delay that is not the fault of the party, the legal case may be notified at a later time, as soon as the reason for the delay has ceased to apply.
