myAXA – your advantages

**With myAXA, you can access your insurance documents at any time.
You can easily notify us of claims and changes to your data.**

Advantages of myAXA

- Your direct contact person at AXA is immediately apparent.
- You have an overview of the insurance contracts and contract-related documents and claims.
- You save paper: And you thereby protect the environment and improve your ecological footprint.
- Simply notify us of changes to names and addresses online.
- When filing claims or placing queries via myAXA, the most important information is already entered.
- You will be informed as soon as there are any developments.
- myAXA is available round the clock.

Further advantages for private customers

- Via **the myAXA app**, you are connected directly to our 24-hour phone or to your advisor, and it supports the locating, documentation and reporting of a claim.
- You have access to your tax statements.
- On myAXA, you can also include contracts that you have taken out with other insurance companies.
- With a power of attorney, you can grant additional persons access to your contracts. In so doing, you transfer the management of your contracts to a person of your trust who then benefits from the same myAXA advantages as yourself.

Further advantages for corporate customers

- You can grant access to other employees and external partners.
- You have central access to other customer portals:
 - **wincoLink** for the processing of administrative tasks in occupational pension provision
 - **Personal Insurance reporting portal** to report accidents, illnesses and births
 - **Legal advice platform MyRight.ch** with free sample templates for contracts, as well as answers to standard legal questions
 - **Vehicle administration** to gain an overview of your company vehicles, with annual claims analysis and recommendations for the optimization of your vehicle fleet

Further advantages for Pillar 2 insured

- If your pension fund is managed by AXA, you will find your pension fund certificate on myAXA and have access to the pensions portal. Here you can, for example, calculate gaps in your pension, the impact of advance withdrawal for residential property, or tax savings through additional payments into the pension fund.
