

A promising investment with capital protection

Would you like an alternative to account solutions or risky invest-

ments? You can exploit high earning opportunities with our low-cost total package with investment certificate. Even if the stock exchange performs badly, the amount you invest remains almost completely preserved.

What's the benefit to you?

Attractive and low-	At the end of the term, the achieved market value of the investment	
maintenance investment	certificate is paid out. At a minimum, you will receive a guaranteed	
that is very secure	percentage of your original investment	

Benefit

Financing

Single investment	✓ Starting at CHF 10,000 (incl. initial charge)
Investment	
Investment certificate	✓ Reference debtor certificate with participation on the J. P. Morgan Market Navigator 6% VT Index
Reference index	✓ The certificate participates in the performance of the J. P. Morgan Market Navigator 6 % VT Index (CHF).
Participation rate	✓ For example, participation of 250% in the positive development of the reference index
Security	 ✓ Guaranteed minimum payout: integrated capital protection as a percentage of the investment, e.g. 95 %
Index protection	\checkmark The index is protected at 90 % in years 7, 8, and 9 (see chart)

Ideal for medium investment horizon

An investment certificate makes sense if you wish to invest CHF 10,000 or more for 10 years securely and profitably

What is 95%

capital protection? This means that, in a worst case scenario, you get back 95% of your original investment capital at the end of the term

First-class reference index with top potential
